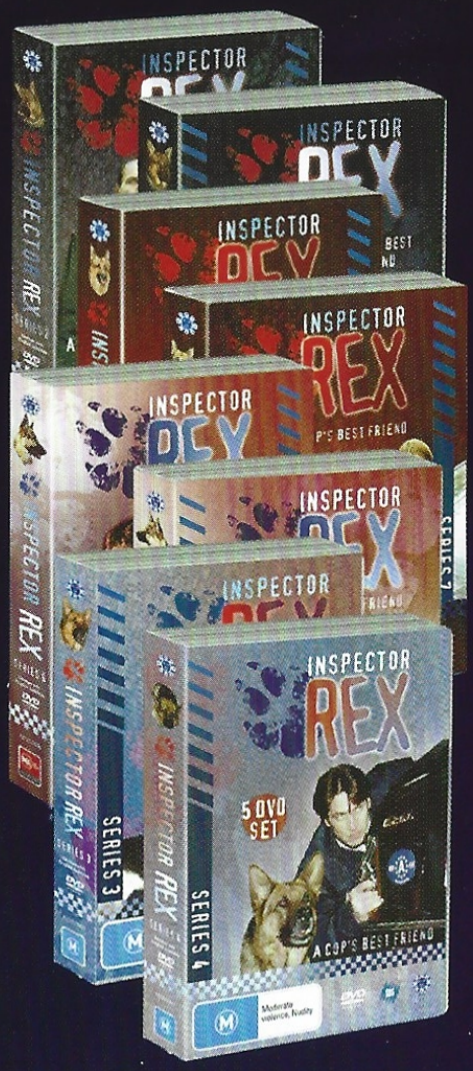
INSPECTOR REX

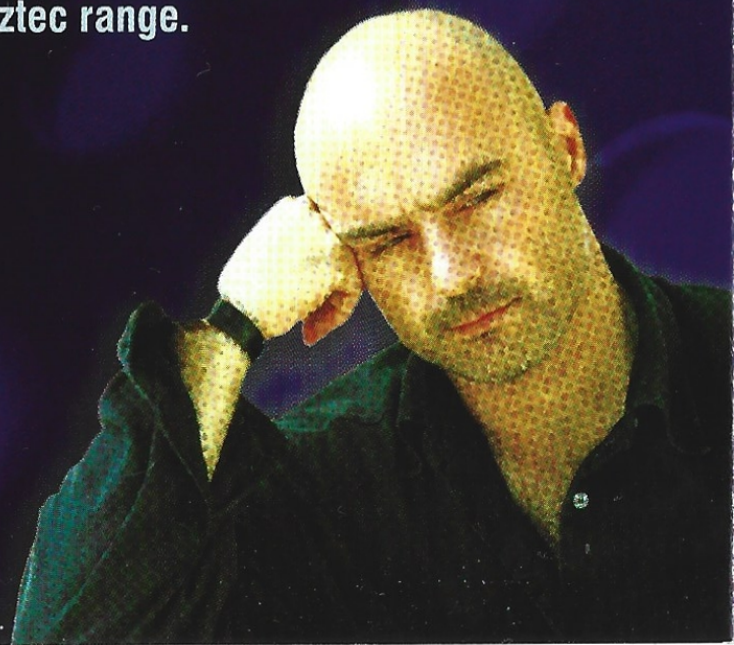


Series 8 available June 2007

Aztec's favourite DVD series is soon coming to an end. But watch out for a late 2007 release which will compile the very favourite episodes of Rex with a host of fun extras, including a "Rex Dog training" documentary.

INSPECTOR MONTALBANO
VOLUMES 1 - 3

Suave and surly, Inspector Salvo Montalbano is a sly favourite for lots of detective fiction fans. Sadly, the 14 existing feature films are all that we'll ever get to see. They are made available here across three separate volumes. The quality is consistent, a true gem in the Aztec range.

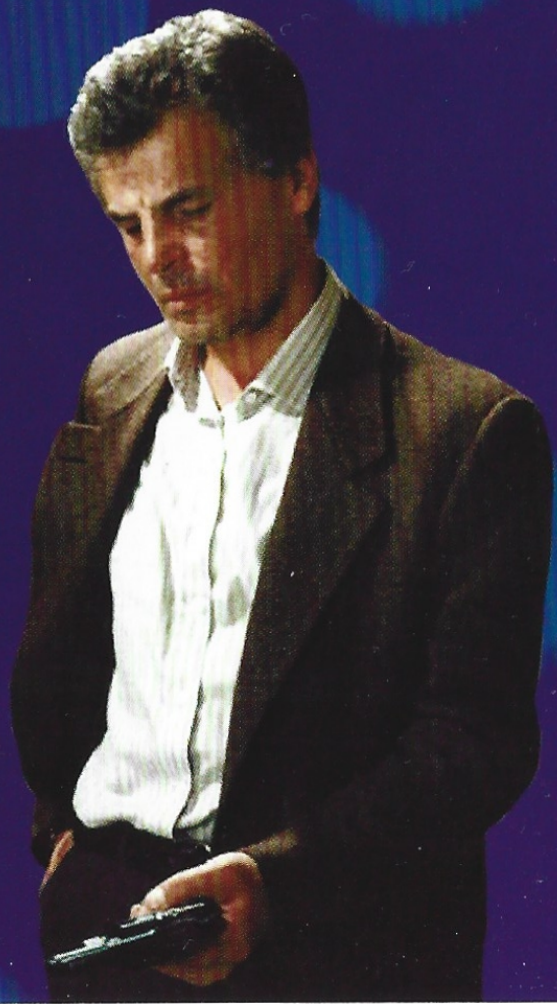


THE OCTOPUS

(LA PIOVRA) Series 1-3

Series 4 available September, 2007

The Octopus (La Piovra) is a dead set legend in Europe. Some series are described as sprawling – this series out sprawls them all. From 1984 until 2001, the RAI produced series traces across generational power struggle within the mafia. Aztec International aims to issue each series of The Octopus on a quarterly basis until completion.



HENNING MANKELL'S

WALLANDER

VOLS 1-2

Henning Mankell is the widest read contemporary Scandinavian crime fiction author. And Kurt Wallander is one of his finest characters – downbeat and taciturn, life has been tough on him. But the spark doesn't die; he finds it hard to resist a good mystery. Krister Henrikkson plays Wallander in this series of feature length tales. Mankell wrote the first story himself, then supervised the remaining episodes.

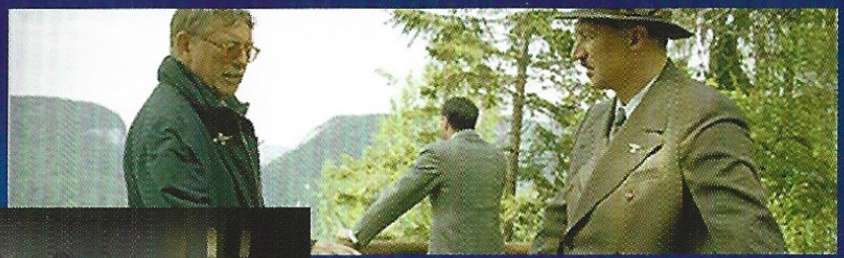
Speer and Hitler: The Devil's Architect

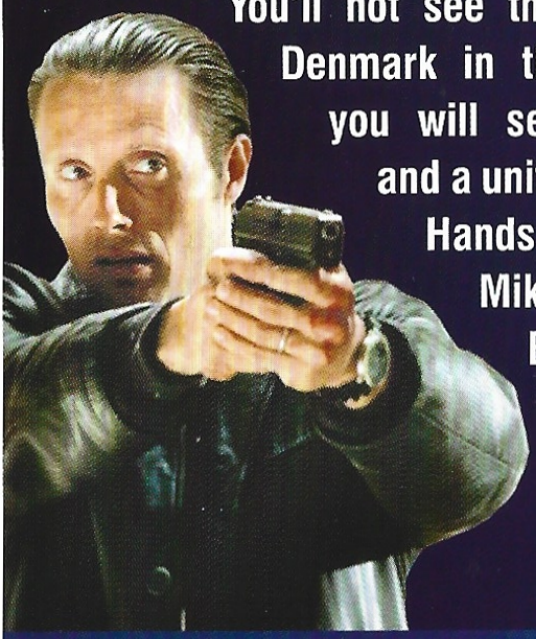
Tales of Adolf Hitler are common, but tales documenting the relationship between he and his chief architect, Albert Speer, are not. This 3 part blend of documentary and fiction traces the quite unique visions concocted by these towering figures of the Third Reich. Acted in this case, by top-line talent in Sebastian Koch and Tobias Moretti.



UNIT ONE VOLS 1-3

Volume 4 available July 2007

This one snuck up behind viewers when first screened on SBS TV. We were amazed to discover that the series had won an Emmy Award for International Drama. And fine drama it provides too.

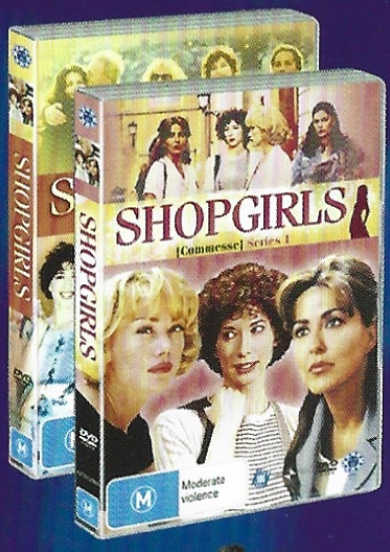


You'll not see the average views of Denmark in this programme, but you will see tight storytelling, and a uniformly excellent cast. Hands up who spotted Mads Mikkelesen in the recent Bond film, Casino Royale.

SHOPGIRLS

SERIES 1 AND 2

Known in Italy as "Commesse", this 12 episode mini-series defines an imagined, and at times, very real Rome, for countless viewers worldwide. SBS TV have screened both series twice, and the resonance of the warm and humanistic tales stays long after viewing.



COMING SOON

"Rex By Request" will be released just in time for Christmas 2007. A double disc set, it will feature the three favourite episodes of Inspector Rex as voted by Australian viewers, and a never before seen documentary on Rex's training hosted by his personal trainer, Teresa Ann Miller, plus extra features to be confirmed.
